

SPECIFICATIONS

Premier Specifications

Features:

- Provides built-in print server (similar to HP Jet Direct)
- Works with laser or dot matrix printers in a networked environment
- Uses blank stock (with MICR check printing option) or pre-printed check stock
- Automatically prints and signs checks in a single pass directly off the printer
- Allows up to 3 signatures per check
- Signature titles and backgrounds available
- Enables optional protected amount only printing (when you do not want a signature)
- Supports up to 8 different accounts (e.g., payroll, accounts payable, share draft, purchase order, etc.)
- Keeps accurate tally of checks for audit control through 8 non-resettable counters
- Counts signed checks, voided checks, or all checks
- Uses two dual-lock keys for enhanced security
- Locks out authorized signature to prevent unauthorized signing of checks
- Suppresses signatures for checks exceeding a pre-determined dollar amount
- Adds forge-resistant protected graphic amount while printing
- Provides amount limits (e.g. add signature at amount, suppress signature at amount, void at amount)
- Includes offline continuous form signer mode, with or without keyboard
- Protects against forgery and alteration
- Saves time and offers greater efficiency
- Produces manual check without a computer if your computer system goes down
- Eliminates signature plates, rubber stamps and continuous form signers
- Provides a simple upgrade path for dot matrix customers to print to laser printers

MICR Laser Check Printing included:

- Adds forms, graphics, logos
- Can produce non-negotiable check copies
- Compatible with both the Elite and Premier
- Operates with HP-compatible PCL5 laser printers
- Can work with Dot Matrix to Laser Conversion
- Saves money by using blank safety paper instead of pre-printed check stock
- Eliminates the need for separate check stock for each bank account
- Prints a MICR line which meets ABA specifications (with MICR toner cartridge)
- Supports company and bank logos, forms, and graphics
- Prints check copies with "COPY" in place of signature and "NON-NEGOTIABLE" in MICR line
- Copy stock can be pulled from alternate trays
- Prints check numbers (even for customers who do not send check numbers)
- Check numbers are always in sequence
- No checks to void when printer jams
- No tractor feeds to remove
- Eliminates "bursting" of continuous form checks
- Autosense automatically recognizes which form to print

Premier Specifications

Compatibility:

- No computer hardware or software changes required
- Works with any HP-compatible printer supporting PCL5
- Works with nearly all dot matrix printers
- Supported emulations include: Epson FX, Epson LQ, IBM Proprinter, Okidata Microline, DEC
- Parallel interface
- Serial interface
- 10/100BaseT Ethernet
- Print server supports NetBIOS, LPR/LPD and Raw 9100 networking protocols
- Can operate without a computer by using a keyboard
- Compatible with the MICR Laser Check Printing option
- Compatible with the Dot Matrix to Laser Conversion option

Each unit includes:

- 2 signatures
- 2 check account/applications (e.g. payroll, accounts payable, etc.)
- 90-day factory warranty
- * Additional signatures, custom logo prefixes, applications, MICR Laser Check Printing, and Dot Matrix to Laser Conversion are available for an additional charge.
