WYCOM WYCHECKS

A SIMPLE, SECURE AND SCALABLE SOLUTION FOR CREDIT UNIONS.

Wycom WyChecks allows credit unions to print all check types on blank check stock. Other features include on-demand starter check printing and PDF check copy creation for your imaging platform.

FEATURE-RICH AND FLEXIBLE

Wycom WyChecks provides all of the check printing and archiving elements your credit union needs in a single solution:

- Multiple network printer support
- Password-restricted browser-based administrator panel for easy, efficient administration
- Ability to create and archive non-negotiable PDF check images for storage and retrieval
- Secure forgery-resistant check amount graphics
- Ability to automatically suppress signatures at pre-designated amounts
- Printing on blank secure check stock for increased security and cost savings
- Unlimited printer licenses

EASY INSTALLATION

Your Wycom WyChecks solution is programmed to your exact requirements. There's no new software to learn and all updates and programming changes are done online, with no downtime. Just connect to your network, set up secure log-ins for authorized users, and you're ready to go.

CHOOSE VIRTUAL OR HARDWARE

Wycom WyChecks is available in either a secure virtual format or a secure hardware format.

UNCOMPLICATED ADMINISTRATION

Our secure browser-based administrator panel makes WyChecks management a breeze. New users, new forms, new programming and all updates are easily administered!

MICR CHECK PRINTING

Wycom WyChecks eliminates pre-printed checks by providing the ability to print complete checks on secure blank check stock when the check print transaction is disbursed from the core. All digital check forms and signatures are secured within your WyChecks solution.

FEATURES

- Supports unlimited network printers

- Provides centralized, secure laser check printing and/or check signing

- Built-in logical print server

- Browser-based log-in and administrator panel

- Able to archive non-negotiable PDF check images for easy storage and retrieval

- Uses secure blank check stock

- Automatically prints and signs checks in a single pass

- Allows up to three (3) signatures per check

- Allows optional protected amount-only printing (when you do not want a signature)

- Signature titles and backgrounds available

- Allows audit count of signed checks, voided checks, or all checks

- Supports unlimited accounts (e.g., share draft, loan, cashier's check, money order, accounts payable, purchase order, etc.)

- Uses secure user log-in for enhanced security

- Suppresses signatures for checks exceeding predetermined dollar amounts

- Adds forgery-resistant protected graphic amount while printing

- Optional conversion from dot matrix check printing to complete laser check printing on secure blank check stock available

- Multiple printer support available

- Adds forms, graphics, logos, signatures and MICR information

- PDF image files can be indexed for import into most imaging platforms

- Operates with HP-compatible PCL5 laser printers

- Saves money by using blank secure check stock instead of preprinted check stock

- Eliminates the need for separate pre-printed check stock for each bank account or branch

- Prints a MICR line which meets ABA specifications (with MICR toner cartridge)

- Supports company and bank logos, forms, and graphics

- Secure blank check stock can be pulled from alternate trays (e.g., teller checks vs. starter checks)

- Prints check numbers (even for customers who do not send check numbers)

- Check numbers are always in sequence

- No checks to void when printer jams

- Auto-sense feature automatically recognizes which check form to print

WYCOM WYCHECKS INCLUDES

- Multiple check formats available

- Unlimited print station licenses

- Redundancy option available for disaster recovery

- MICR laser check printing

- Dot matrix to laser conversion

COMPATIBILITY

- No computer hardware or software changes required

- 10/100BaseT Ethernet, USB

- Print server supports NetBios, LPR/LPD and Direct TCP (Raw 9100) networking protocols

- Works with any HP-compatible laser printer supporting PCL5

IMAGE ARCHIVING INCLUDES

- Creates and archives non-negotiable PDF images for storage and retrieval

- Works with MICR Laser Check Printing or Dot Matrix to Laser Conversion

Additional signatures, custom logo prefixes, applications and custom programming available for added fees.
